Message – OTM Exhibition Catalogue

I am delighted to be associated with the publication of this Exhibition Catalogue in the context of the OTM 2024, rightly considered the leading travel trade show in Asia and in India.

Mauritius has been consistently present at this flagship event of the travel and tourism industry which testifies to the strong bond between the Indian travel trade partners and their Mauritian counterparts.

The tourism sector is one of the most important economic pillars of Mauritius and, like the rest of the world, the sector had been adversely impacted by the Covid-19 pandemic. We are happy to note that, through measures implemented and concerted actions of both the public and private stakeholders, the industry has demonstrated resilience and rebounded swiftly to attain pre-pandemic tourist arrival levels.

India remains one of our most important source markets and as such, the Government of Mauritius is actively engaged in ensuring its sustained growth.

Focused and innovative promotional campaigns undertaken by the Mauritius Tourism Promotion Authority throughout major cities in India coupled with Government policy decisions such as increased connectivity through both *Air Mauritius* and *Vistara* along with a smoother short-stay visa process are all initiatives geared towards further tapping into the potential of the Indian market.

I am pleased to add that in November 2023 Mauritius and Maharashtra signed an Agreement for joint tourism promotion and investment. This new chapter in our bilateral cooperation will undoubtedly add renewed impetus to the Indian market via Mumbai, India's largest travel source market and the primary port of exit for outbound tourism. We are also looking forward to the restart of the Mauritius-Chennai direct flights by Air Mauritius, yet another step towards consolidating the Mauritius-India route.

Above all, the historic and fraternal bonds that unite Mauritius and India which are underpinned by our shared cultural links and people-to-people ties, make us even more confident in the continued development of the Indian market.

While being a 'home away from home', we are committed to ensure that Mauritius, as a high-end destination, continues to meet the aspirations of Indian travellers.

I congratulate the organisers and wish OTM 2024 all the success in building and facilitating contacts, business deals and enduring partnerships.

Arvind Bucktowar
